# ERC Starting and Consolidator Grants – Proposal Structure – Budget Table

European Research Council

Established by the European Commission

## Section c. Resources (incl. project costs)

(Note: To facilitate the assessment of resources by the panels, the use of the following budget table is strongly suggested. All eligible costs requested, should be included in the budget. **Please use whole Euro values only.**)

Cost Category			Total in Euro
Direct Costs <sup>2</sup>	Personnel	PI <sup>3</sup>	
		Senior Staff	
		Postdocs	
		Students	
		Other	
	i. Total Direct costs for Personnel (in Euro)		
	Travel		
	Equipment		
	Other goods and services	Consumables	
		Publications (including Open Access fees), etc.	
Other (please specify)			
ii. Total Other Direct Costs (in Euro)			
A – Total Direct Costs (i + ii) (in Euro)			
B – Indirect Costs (overheads) 25% of Direct Costs <sup>4</sup> (in Euro)			
C1 – Subcontracting Costs (no overheads) (in Euro)			
C2 – Other Direct Costs with no overheads <sup>5</sup> (in Euro)			
Total Estimated Eligible Costs (A + B + C) (in Euro) <sup>6</sup>			
Total Requested EU Contribution (in Euro) <sup>6</sup>			

The project cost estimation should be as accurate as possible. Significant mathematical mistakes may reflect poorly on the credibility of the costing table and the proposal overall. The evaluation panels assess the estimated costs carefully; unjustified budgets will be consequently reduced.

The requested contribution should be in proportion to the actual needs to fulfil the objectives of the project.

For the above cost table, please indicate the % of working time the PI dedicates to the project over the period of the grant:	%
---	---

## (Provisional example)

- Financial reporting periods disappear
- Detailed budget breakdown will be asked at granting
- Max 25% indirect costs
- Only bottom two figures will be asked in A forms

## StG/CoG Applicants with MDs

MD applicants need to provide :

- certificates of MD basic studies and
- proof of an appointment that requires doctoral equivalency (e.g. post-doctoral fellowship, professorship appointment).

Time reference for calculation of the eligibility time-window = the certified date of the MD completion plus two years

For further details, see ERC WP 2014 – Annex II

## StG/CoG Applicants with MDs

For applicants holding **both** an MD and a PhD :

- MD takes precedence over PhD **only** when the applicant has held an appointment that requires a doctoral equivalency (e.g. post-doctoral fellowship, professorship appointment).
- Proof of completion of clinical training: no longer makes an MD applicant eligible.
- Clinical training: still counts as reason for extension of the eligibility window (up to a maximum of 4.5 Years).

# ERC Grants – Selecting a Panel

European Research Council

Established by the European Commission

- Review the members of the evaluation panels from previous years:  
→ <http://erc.europa.eu/evaluation-panels>
- Review the funded proposals within a particular panel.
- \*If you indicate a secondary panel (optional), then you are asked to explain the cross-panel/cross-domain nature of your proposal in Part B1.

# Reviewer Exclusion

- Applicants can nominate up to three persons to be excluded from the evaluation of their proposal, specifying :
  - Name
  - Institution, City, Country

Menu allows searching by Funding Scheme, Call Year and Country of Host Institution.

The screenshot displays the ERC website's 'ERC Funded Projects' page. At the top, a banner features the ERC logo and the text 'Supporting top researchers from anywhere in the world'. Below the banner is a navigation menu with links: Home, Funding and Grants, Projects and Results, Media and Events, About ERC, and Contact us. A breadcrumb trail indicates the current location: 'You are here: Homepage > Projects and Results > ERC Funded Projects'. On the left, a sidebar menu lists 'ERC Funded Projects', 'Prizes and Awards', 'ERC Stories', and 'Statistics'. The main content area is titled 'ERC Funded Projects' and contains a search filter box. This box allows users to browse projects by 'Funding Scheme', 'Call year', and 'Country of Host Institution', with a 'Keywords' search bar and 'Search' and 'Clear all' buttons. Below the filter box is a grid of nine images representing various research fields: a microscopic organism, a molecular model, a celestial body, a DNA helix, a microscopic view of cells, a glowing green microorganism, a mechanical gear, a book, and a street scene with a yellow van.

- **Extension of restrictions on applications will apply to the 2015 calls based on the outcome of the evaluation of the 2014 calls**
- **ERC Principal Investigators will also continue to be able to apply for the Proof of Concept Grant, first introduced in 2011**
- **Overhead: 25%**
- **Indicative budget for 2015 to help the research community to plan applications**

## Rising applications

European Research Council

Established by the European Commission

# 2014 Resubmission restrictions

European Research Council

Established by the European Commission

- Increasing number applications causes low success rates and high panel workload
- Currently 2013 applicants who received "C" at step 1 cannot resubmit in 2014
- For 2014 applicants, tighter resubmission rules can be expected:
  - those who receive B (Step 1 or Step 2) have to wait out one year
  - those who receive a C will have to wait out two years
