

NAT-TECH - Overview 2021

Funder	Council/Theme	Instrument	January	February	March	April	May	June	July	August	September	October	November	December
Horizon Europe	MSCA	Doctoral Networks												
		Postdoctoral Fellowships												
Horizon Europe	European Innovation Council (EIC)	Open Funding												
		Pathfinder (Open)												
		Strategic Challenges												
		Pathfinder (Challenge)												
		Transition (Challenge)												
Horizon Europe	ERC	StG												
		CoG												
		AdG												
		PoC - currently under revision and not yet part of the 2021 Work Programme												
		SyG (to be confirmed)												
Horizon Europe	Global Challenges and European Industrial Competitiveness	Clusters												
		Health												
		Culture, Creativity and Inclusive Society												
		Civil Security for Society												
		Digital, Industry and Space												
		Climate, Energy and Mobility												
		Food, Bioeconomy, Natural Resources, Agriculture and Environment												
		Area 1: Increasing climate ambition: cross sectoral challenges												
		Area 2: Clean, affordable and secure energy												
		Area 3: Industry for a clean and circular economy												
		Area 4: Energy and resource efficient buildings												
		Area 5: Sustainable and smart mobility												
		Area 6: Farm to fork												
		Area 7: Biodiversity and ecosystem services												
		Area 8: Zero-pollution, toxic-free environment												
		Area 9: Strengthening our knowledge in support of the EGD												
		Area 10: Empowering citizens... a climate-neutral, sustainable Europe												
DFE	FNJ/FTP/PSS	Sapere Aude												
		Inge Lehmann Programme (to be confirmed)												
		Thematic call (to be confirmed)												
		FP2												
		FP2												
		Thematic call												
		Open call - discontinued in 2021												
		Industrial PhD/Postdoc (private)												
		Industrial PhD/Postdoc (public)												
GUDP		Projects												
GUDP		Projects												
INUP		Projects												
DNRF (DG)		Centre of Excellence (phase 1)												
		DG Chair - max. 2 applications from AU each round												
		Endocrinology and Metabolism												
		Industrial biotechnology and Environmental Biotechnology (nordic Region) - IEB												
		Plant science, Agriculture and food biotechnology (nordic region) - PAF												
		Natural and Technical Sciences												
		Bioscience and Basic Biomedicine												
		Theme: Mathematical modelling of Health and Disease												
		Theme: Smart nanomaterials for applications in life-science												
		Theme: Proteins for tomorrow's food												
		Exploratory, Interdisciplinary Synergy Programme												
		New Exploratory Research and Discovery (NERD)												
		Interdisciplinary Synergy Programme												
		Infrastructure												
		Tandem Programme												
		Excellence Emerging												
		Ascending Investigator												
		Distinguished Investigator												
		Hallas Møller Emerging Inv.												
		Hallas Møller Ascending Inv.												
		Distinguished Investigator												
		Emerging Investigator												
		Ascending Investigator												
		Distinguished Investigator												
		Emerging Investigator												
		Ascending Investigator												
		Distinguished Investigator												
		Collaborative Research Programme												
		Infrastructure												
		Emerging Investigator												
		Ascending Investigator												
		Distinguished Investigator												
		Biomedicine and health sciences												
		Biotechnology												
		Interdisciplinary research												
		Natural and Technical Sciences												
		For Faculty recruitment 2021 Q1												
		Ascending investigators												
		Professors (available in 2021 - opens October 2020)												
		Experiment												
		Postdoc												
		Collaborative Projects (opens in 2021)												
		Fellowship												
		Young Investigator												
		Investigator (2020 call)												
		Experiment												
		Villum International Postdoc - earmarked for Women												
		Synergy - interdisciplinary data-driven science												
		Internationalisation Fellowships (postdocs going abroad)												
		Reintegration Fellowships (postdocs coming back to DK)												
		Young Researcher Fellowships												
		Semper Ardens												
		Infrastructure												
		AUFF Starting Grants												
		AUFF NOVA (tentative: 2021 call opens in June)												
		AUFF Flagships - new initiative in 2021												
		AIAS-COFUND Fellowships												
		Jens Christian Skou Fellowships - no calls in 2021												

DEADLINE EXPECTED ANSWER INTERVIEW
 * For H2020 applications, applicants will be notified of the outcome of the evaluation within 5 months after the deadline. The Grant Agreement must be signed within 3 months hereafter.
 ** Disclaimer! AUFF and AIAS are considered internal AU grant opportunities. Thus, the RSO does not assist with these applications.
